**1) Prison Rape  
Elimination Act  
(PREA)**

Under PREA there may be instances when a juvenile justice facility will conduct an investigation for which there is CPS-MIC involvement. Coordination in investigations and sharing of reports may occur.

*Reason:* Prison Rape Elimination ACT (P.L. 108-79).

**2) Visual  
Assessment**

Caseworkers may request to view buttocks or genitalia up to the age of 6 with parent or Michigan Children's Institute (MCI) superintendent permission. An adult (which may be the child's parent or foster parent) must be present for the observation involving buttocks or genitalia.

*Reason:* Policy alignment with PSM 713-01, CPS Investigation - General Instructions.

**3). Item Correction**
